

Hands-on Training Seminar

Learn To Program IDEC PLCs and Touchscreens

Date: Aug 19-21, 2008

Location: Sheraton Phx Airport Hotel-Tempe

Lunch and Snacks Provided by IDEC

IDEC PLC training classes offer Hands-On programming instructions for today's most common automation and control applications. The classes thoroughly cover topics related to IDEC Micro PLCs, as well as WindLDR programming software. Touchscreen training provides hands-on experience with the HG Series of Touchscreens using the configuration software, WindO/I-NV2.

Attendees Must Bring Laptop Computers
